CENTRAL ASIA - Information

◆ TURKMENISTAN

Spring, from April to June, is one of the best times to explore Turkmenistan. Temperatures are pleasant and offer the opportunity to discover sites and cities in optimal conditions.

◆ TAJIKISTAN

March, April, September and October are the months recommended for discovering the country. The ideal time for trekking is from June to early October. The Pamir region is preferred from July to the end of September.

◆ UZBEKISTAN

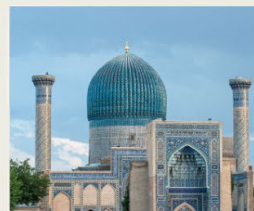

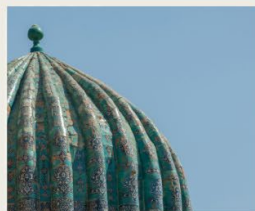

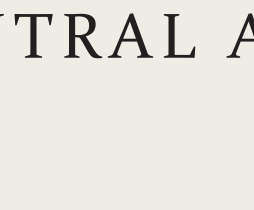

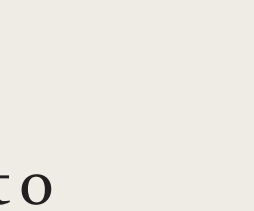

Uzbekistan has a continental climate, with extreme temperatures in summer and winter. The best times to travel are the shoulder seasons, spring and autumn.

◆ KYRGYZSTAN

The dry season can be divided into two parts - mild temperatures from October to February and the hot, dry season (March and April).
